If a study is discussed in a committee meeting, fees will always be charged.

For all reviews, if the committee makes use of external expert advice in its assessment, an corresponding fee will be charged. You will be informed of this in advance, prior to requesting the external advice.

Resubmission reduction: 50%. A resubmission refers to the re-submission of the (complete) file after a previous withdrawal, expiration of the submission during the assessment phase, or following a negative decision. It can involve the resubmission of the primary submission, but also of the file for an amendment. It does not refer to the assessment of the response and/or adjusted or supplementary documents in an ongoing assessment.
