

At home in our hospital

The UMC Utrecht guest quarter

UMC Utrecht

www.umcutrecht.nl/gastenverblijf

If you are admitted to the UMC Utrecht, your partner, relative or friend can stay in the guest quarter. The guest quarter is located inside the hospital in the D3 east section. After an operation or in situations where you need your loved one(s), it is pleasant if you are close to each other. A reassuring feeling!

You are also welcome if you are undergoing outpatient treatment or have to visit the hospital early in the morning for an examination or admission. Especially if you have to travel a long distance, it is very pleasant if you can go to your appointment without suffering any traffic stress.

The guest quarter has eight double rooms, two of them have wheelchair-accessible bathrooms. Each room has a TV, a small fridge, a safe and a luxurious bathroom. There is a large common living/dining room, with a TV area, a dining area and a lounge area. You can prepare your own meal in the kitchen. You can also use one of the restaurants in the hospital.

“A place for yourself, where you don’t have to hush. You can just grab a book or make a phone call without waking her up. She knows I’m near. The connection I have with her is actually tangible here. A place of your own, yet so close.”

Friend of a patient

The guest quarter does not provide medical or other care or has medical tools. Guests must be able to look after themselves or be accompanied by an escort. Patients admitted to a nursing ward at the UMC Utrecht are not allowed to stay in the guest quarter, either during the day or at night. This is a rule related to regulations on patient safety and prevention of infections. You are officially admitted as soon as you are registered as a patient in the nursing ward. Would you like to see the guest quarter as a patient? Please visit the guest quarter before you are registered in the nursing ward.

Booking a room

You can book a room as follow:
www.umcutrecht.nl/gastenverblijf
The coordinator of the guest quarter will check whether your booking can be accepted. As there is a limited number of rooms available, you can book one room per admitted patient.

If you have any questions, you can reach us on working days between 9:00 and 16:00 on 088 75 691 12 (for an urgent reservation you can call this number outside these hours). You can also ask your question by email: gastenverblijf@umcutrecht.nl

The price per room is €60 per night, including breakfast, coffee/tea during your stay, bed linen, towels and (final) cleaning. Your contribution is usually fully or partially reimbursed by your supplementary insurance policy. You can ask your health insurance company about this.

Just that little bit extra for our patients

No one is in the hospital voluntarily. At the UMC Utrecht, our patients are assured of the very best care and treatment. We also want to offer them the most comfortable stay possible. Friends of the UMC Utrecht & Wilhelmina Children's Hospital is committed to this cause.

Together we provide distraction, relaxation and a comfortable stay.

To be able to offer our patients just that little bit extra in a comfortable environment, a lot of money is needed. Care to help? You can help the guest quarters with an online donation. Use the direct debit card below or make an online donation via vriendenumcutrecht.nl/verblijf

I will help and donate!

I choose

to pay a fixed amount until cancellation and will pay each month € 25,- € 10,- € 5,- other, namely € _____

to pay a one-time donation of € _____

I authorize Friends of the UMC Utrecht to debit the amount from my account (IBAN).

“You should be able to go and see your loved one in your pajamas at night, so to speak. Everything under one roof: that makes the guest quarter unique.”

Prof. Dr Elsken van der Wall, Chair of the UMC Utrecht Cancer Research Program, initiator of the guest quarter

UMC Utrecht
