Make Your Own Favourite Book

Have a go at making your own book, using the 'My Favourite Book' template!
What story will you tell?
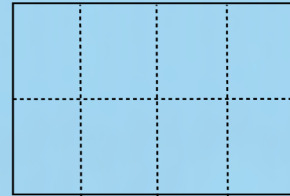

STEP 1: Take your sheet of paper and fold it in half lengthways along the blue line.

**STEP 2:** Fold it in half again along the red line.

**STEP 3:** Fold it in half again along the green line. Now you should have a small folded rectangle of paper.

**STEP 4:** Unfold the page and there should be eight sections within your fold lines.

**STEP 5:** Fold your page again along the red line.

**STEP 6:** Make a mark in the middle of your rectangle (at the meeting point of the red and green lines).

STEP 7. Ask a grown-up to cut along the blue line, from the folded edge of your page to this mark. Stop cutting at the dot!
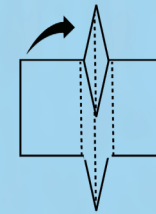

STEP 8: Unfold your page and you should have a slit in the middle. Fold your page again along the blue line.
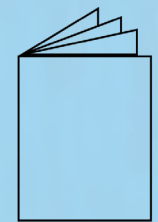

STEP 9: Push the folded edges together towards the centre so that the slit opens up and creates a diamond shape in the middle. Keep pushing the edges closer together until the sides all meet in the middle.
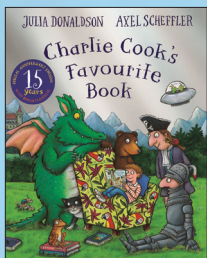

STEP 10: Take the side that says 'My Favourite Book' and fold it around until it joins the other rectangles. This is now the front of your book.

STEP 11: Take the side that says 'The End' and fold it around until it joins the other rectangles. This is now the back of your book.

**STEP 12:** Press over the creases to make the spine of your book. Now you can get writing!
